DMC SPORTS MEDICINE

Mission:

The Detroit Medical Center Sports Medicine Program is dedicated to a multiple-specialty, multifaceted approach to the treatment and prevention of sports-related injuries. We work with and educate athletes of every age and level, and their communities, in leading healthy, active injury-free lives. In the face of lifestyle-changing issues or injuries, we strive to return every individual to abilities at or above pre-injury levels.

Objectives:

The DMC Sports Medicine Program accomplishes our mission through:

- Excellent clinical care
- Basic science and clinical research
- Caring for amateur and professional teams
- Resident, fellow and allied health professional education
- Community outreach and education
